- Code editor & IDE : vs code , cursor
- For api testing : postmen , Thunderclient
- For Design : Canva , Figma

EDUCATION

HSC (SCIENCE - PMC)
GSHEB - 2016

SSC
GSEB - 2014

- **Other projects:-**
  - ◆ **OsteriaX(Full Stack Project):- Github Repository's Link**
  - ◆ **Lakme-Salon (frontend):- Github Repository's Link**
  - ◆ **Shofy (Full Stack) : https://github.com/ankitpativala1405/Shofy**

OBJECTIVE

Motivated and creative MERN Stack Developer in building scalable web applications using React.js, Next.js, and Redux. Skilled in crafting modern, responsive user interfaces with frameworks like Material UI, Tailwind CSS, and others. Strong foundation in HTML, CSS, JavaScript, with additional knowledge of backend technologies such as Node.js, Express.js, and RESTful APIs. A logical problem-solver known for a creative mindset, adaptability under pressure, and a collaborative spirit. Eager to tackle new challenges, continuously learn, and contribute to developing excellent user-centric web solutions.

RESPONSIBILITIES

- During all projects i have carry various responsiblities, make timeline for every projects ,use different technolgies,keep code clean and good code readability, also use readymate nodejs system for backend,when i stuck sometimes i get reference of documentation & take help of senior's to how to apply particular features or integration in projects.

PROJECTS DETAILS

- **Projects Name**:- ELECTECH (Ecommerce)
  - ◆ **Role** :- FullStackDeveloper
  - ◆ **Skills** :- React js, css & Tailwind CSS , Javascript , Material UI , Nodejs , MongoDB
  - ◆ **Key Features** :-
    - **User Authetcation** :- Basic login and signup form with validation.
    - **Interactive Ui**: - Designed an engaging and user-friendly interface utilizing tailwind css, and material ui, resulting in an intuitive browsing experience. ensured the application's responsiveness across various screen sizes and devices, optimizing usability.
    - **Real-Timeintegration**:- Wishlist Product , Cart Product , Order Product , With Delivery Dynamic Status

- **Projects Name**:- Exclusive (Ecommerce)
  - ◆ **Role** :- FullStackDeveloper
  - ◆ **Skills** :- HTML, CSS , Javascript , Nodejs , MongoDB
  - ◆ **Key Features** :-
    - **User Authetcation** :- Basic login and signup form with validation.
    - **Interactive Ui**: - Designed an engaging and user-friendly interface utilizing tailwind css, and material ui, resulting in an intuitive browsing experience. ensured the application's responsiveness across various screen sizes and devices, optimizing usability.
    - **Real-Timeintegration** :- Wishlist Product , Cart Product , Order Product , With Delivery Dynamic Status

- **Projects Name**:- FoodFunday (Food Order App)
  - ◆ **Role** :- FullStackDeveloper
  - ◆ **Skills** :- HTML, CSS ,Javascript , MongoDB , Nodejs .Nodemailer
  - ◆ **Key Features** :-
    - **User Authetcation** :- Basic login and signup form with validation.
    - **Interactive Ui**: - Designed an engaging and user-friendly interface utilizing tailwind css, and material ui, resulting in an intuitive browsing experience. ensured the application's responsiveness across various screen sizes and devices, optimizing usability.
